

Chorea

Chorea is derived from the greek for dance and is defined as involuntary, irregular, purposeless, non rhythmic movements of a rapid and jerky type that flow from one part of the body to another.

purposeless

Movement of chorea are purposeless but attempts may be

writhing movements of athetosis.

Differential Diagnosis of Chorea

Myoclanus

It is important to differentiate chorea from myoclonus, the main point to remember is that myoclonus is much more rapid, and does not flow from one muscle to other like chorea.

Mygale as drug of choice in chorea/dystonia

made by to incorporate them into functional movement by the patient.

The movement may effect the face, causing grimacing; there may be movement of tongue and grunting sounds on respiration.

Rapid

The movement of chorea are rapid this is in contrast to the slow

strikingly violent movement disorder related to, but distinct from chorea, is hemiballismus. This is seen most often in elderly patients with diabetes and hypertension due to lacunar infarcts, classically within the contralateral subthalamic nucleus. Hemiballismus begins suddenly but the movements tend to decrease in magnitude and the patient may be left with flexion or extension movement of finger and wrist.

Dystonia

Dystonias are sustained or intermittent abnormal repetitive movements or postures due to alterations in muscle tone. The dystonia spasms may affect one (focal, e.g. blepharospasm of eyelid) or more (segmental, e.g.

- Oromandibular (jaw grinding and grimacing)
- Meige's syndrome (combination of above two)
- Hemifacial spasms (eye spreading to face)
- Cervical dystonia (spasmodic torticollis)
- Laryngeal or spastic dystonia-strained Hoarse voice
- Hand and forearm cramps (e.g. writer's, typist's, golfer's or pianist's cramps)

होम्योपैथी के पुरोधा डॉक्टर गंगाबख्श सिंह का निधन

उत्तर प्रदेश में होम्योपैथी का वर्तमान उन्नत स्वरूप होम्योपैथी के पुरोधा डॉक्टर गंगाबख्श सिंह के कारण है। उनके मरणोपरांत हुए श्रद्धांजलि सभा में यह विचारनगर के प्रसिद्ध होम्योपैथिक चिकित्सक डॉ. बी एन आचार्य ने व्यक्त किए। उन्होंने कहा कि वर्ष 1979 तक प्रदेश में होम्योपैथिक का डिप्लोमा पाठ्यक्रम था। तब लखनऊ छोड़कर प्रदेश के सभी होम्योपैथिक कॉलेज प्रबंध समिति के अधीन निजी तौर पर संचालित हो रहे थे।

कानपुर होम्योपैथी कॉलेज के प्राचार्य के रूप में कार्यरत डॉ. गंगाबख्श सिंह ने छात्रों से आह्वान किया था कि होम्योपैथी

को राजकीय संरक्षण के लिए संघर्ष करें। उनके मार्ग दर्शन में 4 साल तक चले लंबे संघर्ष के उपरांत उत्तर प्रदेश सरकार को सभी होम्योपैथिक कॉलेजों को राजकीय घोषित करना पड़ा। साथ ही डिप्लोमा खत्म कर विश्वविद्यालय से संबद्ध कर बी एच एम एस डिग्री को संप्रारंभ करना पड़ा।

आज प्रदेश में लगभग 9 राजकीय होम्योपैथिक कॉलेज व 1600 राजकीय होम्योपैथिक चिकित्सालय हैं। डॉ. गंगाबख्श सिंह अपने जुझारू व्यक्तित्व के चलते उन्नाव के हड़हा विधानसभा क्षेत्र से तीन बार विधायक रहे। साथ ही प्रदेश की भाजपा सरकार में वने, संस्थागत वित्त व स्वास्थ्य

राज्यमंत्री रहे।

श्रद्धांजलि सभा का आयोजन पंडित जवाहरलाल नेहरू राजकीय होम्योपैथिक मेडिकल कॉलेजमें किया गया। अध्यक्षता प्राचार्य डॉ. राजेश वर्मा ने की।

इस अवसर पर डॉ. डी पी सिंह चौहान, डॉ. एस एन मिश्रा, डॉ. आर के वशिष्ठ, डॉ. रामकुमार शर्मा, डॉ. ओ पी श्रीवास्तव, डॉ. वीरेंद्र सिंह चंदेल, डॉ. आनंद त्रिवेदी, डॉ. वाई पी सिंह, डॉ. पाल, डॉ. रुसिया, डॉ. पुनीत मिश्रा, जयपुर के प्रसिद्ध होम्योपैथ डॉ. जे डी दरियानी आदि 100 चिकित्सकों व छात्र-छात्राओं ने भाग लिया।

धन्यवाद देवेंद्र कुमार ने किया।
